

Arranging games outside club times

We have set up a Grasshoppers Tennis Club closed group on facebook. If you are interested in arranging games outside club sessions please join the group by going to facebook.com. If you are not already on facebook just registering (its easy, free and anyone can join). You can add as little or as much information about yourself as you want but an indication of age and playing ability would help.

Once on facebook, join the Grasshoppers group by typing "Grasshoppers tennis" in the facebook search box (on the top line usually). You should see the Grasshoppers tennis club group, click <Join group> (on the right of the name) and confirm by clicking join. This is a closed group so the group administrator (me at the moment) has to confirm you are eligible (i.e. a paid up member of Grasshoppers). For the more adventurous you can also set up to receive facebook messages by text on your mobile by clicking the SMS icon at the top of the settings>account settings>notifications tab.

If you then want to arrange a game you can send a message to all members (see below).

If you would like help with facebook please let me know and I will see what I can do.

The screenshot shows the Facebook interface for the "Grasshoppers tennis club" page. The page header includes the Facebook logo, a search bar, and navigation links for "Home" and "Profile". The main content area displays the club's name, a "Change Picture" button, and navigation tabs for "Wall", "Info", "Discussions", and a plus sign. Below these tabs is an "Edit Information" link. The "Basic Info" section lists the club's name, category ("Sports & Recreation - Recreational Sports"), description ("A place where members of the Grasshoppers tennis club in Hove (England) can invite other members for a game of tennis"), and privacy type ("Closed: Limited public content. Members can see all content."). The "Contact Details" section provides the club's email address, website, and location. On the left-hand side, a menu of options is visible, with "Message all members" circled in red.
